

Do more for your future

Saving for your retirement is important. So take advantage of this great benefit that can help you reinvent your future:

The Accenture United States 401(k) Match and Savings Plan (the “Plan”) — get paid to participate with the company match

We’ll get you started

Automatic enrollment gets you started in the 401(k) plan. Please see page 2 for details.

But you don’t have to wait. Scan this code to download the mobile app to enroll on your own.

Get the free company match

Accenture automatically enrolls you at 3%, then matches 100% of the first 6% you contribute to your 401(k) account. If you contribute even more, you could give your retirement savings a real boost.

This example assumes a salary of \$90,000, contribution rates, the company match described above, and an annual effective rate of return of 6%.

Maximize your match	Your contribution 6%	+	Company contribution 6%	=	Total contributions 12%	After 25 years Potential balance \$611,623
Increase to 10%...	Your contribution 10%	+	Company contribution 6%	=	Total contributions 16%	After 25 years Potential balance \$815,497

The hypothetical results shown above are just for illustrative purposes. Contributions are made at the beginning of the month. These results are not meant to represent the past or future performance of any investment. When you invest, there’s always the chance you’ll lose money. Taxes are due upon withdrawal. You may also be subject to an additional 10% federal tax if you take a withdrawal before age 59½.

Merrill Lynch, Pierce, Fenner & Smith Incorporated (also referred to as “MLPF&S” or “Merrill”) makes available certain investment products sponsored, managed, distributed or provided by companies that are affiliates of Bank of America Corporation (“BofA Corp.”). MLPF&S is a registered broker-dealer, registered investment adviser, member SIPC, and a wholly owned subsidiary of BofA Corp.
